

# Mapping the Libyan Diaspora

Project Title	Mapping the Libyan Diaspora
Project Summary	The intern would produce a research paper on the locations and composition of significant Libyan diaspora communities in the United States.
Country	Tunisia
Agency	Department of State
DoS Office	N/A
Post	TUNIS
Section	PAS
Number of Interns	2

## Project Description

The intern would produce a research paper on the locations and composition of significant Libyan diaspora communities in the United States. This information would be useful for outreach purposes, such as for when Embassy staff travel to the United States and meet with Libyan communities. Such research should include to the extent possible: estimated population numbers, composition (such as students, academics, private sector, etc.), profiles of community leaders, U.S. Congressional districts according to where the Libyan communities are located, preferred social media platforms/websites/Facebook groups, any annual gathering or upcoming events, and any other information the intern deems significant.

## Desired Skills Interests

Skill
research
familiarity with the Middle East and North Africa

# Additional Information

Special skills: familiarity with the Middle East/North Africa, such as through travel, internships, or study would be a helpful. Arabic language skills would be useful, but not required.

Time needed for project: we envision this project to last at least a semester, but the intern would be welcome to start the research as soon as feasible.

# Language Requirements

Language Speaking Proficiency		Reading Proficiency		Importance
Arabic	Elementary proficiency	Elementary proficiency		Nice to Have
